## **ITEEN Tutors' Training, July 11-13, 2006**

We praise and thank God for helping us and guiding us in conducting our four day tutors' training successfully. I thank all the staff team and volunteers of ITEEN who helped in every way to conduct the training smoothly. Especially I would like to thank Rita Subedi as she is helping me to climb up and Namrata Subedi who though is not our staff and yet loves ITEEN and always ready to help us. There were 5 participants from Assam, N.E. India. We expectation was eight but only 5 participants arrived.

### ***The following topics were covered during the training***

Objective of the training, Black Box Model, History of TEE, TEE Method / Introduction of Student Book, TEE tutor, Administration, Group tutorial, Teaching methods and Presentation, Courses&Certificates and Finance etc.

Tanka Subedi, Rita Subedi, Sarju Rijal, Namrata Subedi and ND Lama were involved to cover the above topics. On the first day ITEEN and its methods were introduced. In the second day the training was for half day only. After the lunch we took them to a Christian Gospel music concert. They enjoyed there. On the third day morning Sarju led the demonstration class, then they were asked to practice TEE Method. Their performances were evaluated and suggestions were given to improving their abilities by the facilitators. Participants were quite slow to get adjusted to the method so we stretched our training period one more day.

This time we did not ask participants to evaluate about us.

The training concluded with a harmonious chatting without any guest. The sitting arrangement was in circle so every one could see each other face to face. There were five participants only so everybody was asked to share their testimony. Finally Tanka asked them to start ITEEN group with one or two groups only. Some people get excited and start many groups which do not last due to the lack of time.

The participants of this training were of different age groups. Older people were quite slow to grab the ideas. Another barrier was language though they speak Nepali they have lots of Hindi and Assamese words mixed in their language where as our's is pure Nepali. So we had to slow down our speech too. Especially they were not able to get the word like curriculum, method etc. After four days we were convinced that they are able to run groups in their place.

## Testimonies:

### ***Mr. Karna B.Chhetri:***

There were lots of things to understand. We could understand many things like study method, about ITEEN, about Sadducees and Pharisees. I never had such beautiful teaching about Sadducees and Pharisees before.

All the staff helped us. Fooding was on time everything was fine. Thank you a lot. May God bless ITEEN abundantly.

### ***Mr. Silash Gurung:***

ITEEN gave me a chance to learn big and small things. I like the method of studying, asking same question in different ways which we could learn and remember. I really like ITEEN's study method.

I thank all the staff members for they treated us equally.

### ***Mr. Bikram Chhetri:***

We were able to learn whatever was taught here. As we received we would like to give others. Though you were teachers you did

not treat us that way. You all treated us equally. I will try to do as I have seen here in ITEEN.

### ***Mr. Kumar Limbu***

Thank you to all staff. Many years ago I had received a note about ITEEN. But did not know what that meant. I had a vision of traveling and so I could come here comfortably.

I could get what I did not have. I will do what I have learnt here.

### ***Mr. Kharka Das***

I am thankful to God. The best thing I got from this training is that living in home and easily we can learn the Bible.

The explanation of 2Timothy 2:2 was really wonderful for me.

I learned that the leaders should be an example. In a very soft way the trainers helped us in every way.

I could make a decision which I had never thought of before

In this training we had male participants only. Following is the list of participants along with their details.
